Feedback quotes:

“Very well organised by NFUS Scotland/Smiths Gore and all others involved. Hosts were keen to share their experiences and were honest about the pros and cons. It would be interesting to hear from a PV installer and their experience this far”

“To a normally office bound practitioner it is incredibly helpful to hear about the practical/technical aspects of these projects”

“There was a good balance [presentations] and all speakers were good/well prepared”

“Very informative and interesting”

“Up to date information of all renewable energy”

“Good informative presentations”

“Useful information in all presentations”
